

## QUALITY POLICY

*"We shall provide quality services in accordance with the requirements of our customers, in line with statutory requirements, national and international legislations (including MLC2006) and ISO 9001:2015.*

*We shall maintain an appropriate seamen's pool to rapidly respond to our Customers' requirements*

*We shall continually improve our services objectively through the regular evaluation and critical review of our Quality objectives and processes.*

*We shall provide adequate training to all employees to enable them to release their full potential"*
